JETT

with Treble and Bass technology
— find your frequency —

Featuring our patented Treble and Bass technology, JETT is a powerful Guybrator™ that is worn against the frenulum, just below the tip of the penis.

Designed to deliver an intense hands-free orgasm, JETT's flexible sleeve expands as you do, taking you effortlessly from flaccid to erect.

Whilst the Treble bullet emits powerful high-frequency waves, the Bass bullet delivers deep, rumbling vibrations. Adjust the Treble and Bass to find your perfect frequency.
