PRODUCT SPECIFICATIONS

Materials: Silicone, ABS

7 Thrusting Speeds

7 Vibrations Patterns

Heats up to 100 F

Includes: Power unit, Silicone Dildo, Suction Cup Stand, Remote Control, Manual

MAINTENANCE

- For better experience always apply a water-based lubricant.
- For cleaning, disassemble the dildo from the power unit. Wash the dildo with warm water and cleaner and allow it to dry completely before using it.
- The power unit shouldn't be submerged into the water. To clean, wipe it down with the disinfecting solution.
- Keep away from the direct sunlight.
